

Go Ape is the UK's multi award-winning forest adventure company and offers an unrivalled experience in the great outdoors where you can live life a little bit more adventurously.

There are four different types of Go Ape adventures spread across 30 of the UK's most spectacular forests and parks.

HOW GO APE BEGAN

The idea for Go Ape began in France in 2001 when husband and wife Tristram and Rebecca Mayhew were on holiday in the Auvergne with their six-month old baby and discovered how much fun it was swinging through the trees.

Already thinking about stepping off the corporate ladder, Tris and Becs saw an opportunity to start a business moulded by their own values. So they took a leap of faith, quit their London jobs and began the Go Ape adventure.

30 courses later, they've built one of the fastest growing companies in the country and have plans to take the Go Ape experience all over the UK and beyond.

Our Founders: Tristram (Chief Gorilla) and Rebecca Mayhew
