GORILLA GAMES

Identifying a key need for the younger audience, we have recently launched the new fast-paced and challenging Gorilla Games. These games cater to 4 to 14-year olds and help develop key life and team building skills such as communication, leadership and of course, teamwork. Ideal for helping to support the government initiative to get more children outdoors. These games help encourage creativity and problem-solving skills on the ground.

With a wide range of games available, your host will hand-pick and guide you through some challenges and puzzles designed to put your students through the test and that help encourage their learning and development.

Our experience at Go Ape Thetford was a very positive one. The Go Ape staff were incredible, from our initial enquiry, through to the friendly and helpful staff putting us in our harnesses on the day. The process really was faultless. We'll be back!!!

Great and Little Shelford Primary School,
South Cambridgeshire

I really recommend it, the days plans were excellent and we left tired, exhilarated and happy.
